🌐 Portfolio: barnabas-portfolio-five.vercel.app | mayo-five.vercel.app | frankdoff.vercel.app

PROFESSIONAL SUMMARY

Results-driven Frontend Developer with hands-on experience building modern, responsive web applications and eCommerce storefronts. Proficient in React.js, Next.js, TypeScript, Tailwind CSS, and Shopify theme development. Adept at translating design references into polished, performant interfaces. Strong problem-solver with a background in geology that brings analytical thinking and project discipline to every build.

TECHNICAL SKILLS

Frontend: React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS

eCommerce: Shopify (Theme Customization, Liquid, Dawn/Sense themes, Sections & Blocks)

Tools: Git, GitHub, VS Code, Vercel, Figma (basic)

Design: Responsive Web Design, Mobile-first Development, Cross-browser Compatibility, UI/UX Principles

PROJECTS

Appiness — React eCommerce Storefront appiness.vercel.app

- Built a full custom-styled eCommerce interface with React.js and Tailwind CSS
- Implemented responsive layouts, product sections, and interactive UI components

Luxe Store — Shopify-style Frontend luxe-store-pink.vercel.app

- Designed a luxury beauty eCommerce storefront with product cards, landing page sections and collections
- Demonstrated Shopify theme structure knowledge: sections, blocks, and responsive design

Barnabas Homes — Rental platform luxe-store-pink.vercel.app

- Designed modern house rental platform where landlord meet tenant directly without agent issues, landing page sections and collections
- Implemented responsive layouts, product sections, and interactive UI components

Frankdoff 360 Computers — Business Website frankdoff.vercel.app

- Built a modern, fully responsive business website for a Lagos-based computer and tech hardware dealership using React, TypeScript, and Tailwind CSS
- Delivered a polished, performant storefront showcasing product categories, services, and company information across all screen sizes

Mayo — 3D Interactive Website mayo-five.vercel.app

- Developed an immersive 3D interactive website using React.js, Tailwind CSS, and Three.js with smooth animations and visually engaging scenes
- Demonstrated advanced frontend capabilities combining 3D rendering with responsive layout and performance optimisation

Luna Lashes and Brows — Shopify Store Development lunalashes.com

- Built a fully custom Shopify store for a New York-based lash and brow beauty studio, replicating and improving on an existing reference site (rblashes.com)
- Customized Dawn theme with Liquid templating, custom CSS overrides, and multiple Custom Liquid sections including testimonials, services, timeline, contact form and footer
- Implemented SEO setup, Google Search Console, Google Analytics, custom domain connection and store policies for a production-ready eCommerce launch

Amazon Clone & Calculator App

- Built functional clones using HTML, CSS and JavaScript demonstrating core frontend fundamentals

PROFESSIONAL EXPERIENCE

In-House Developer | Norex Media

2025 — 2026

- Served as the sole in-house developer, building and maintaining the company's web presence and internal digital tools
- Developed responsive web interfaces and client-facing features using React.js, TypeScript, and Tailwind CSS
- Collaborated with the media and design team to translate creative briefs into polished, functional web experiences

Frontend Developer | Freelance

October 2024 — Present

- Built and delivered responsive websites and eCommerce storefronts for clients
- Developed Shopify stores with custom theme configurations, sections and CSS overrides
- Used React.js, Next.js, Javascript, TypeScript and Tailwind CSS to build modern web interfaces
- Collaborated with clients to translate design references into live, functional websites

Studio Technician | Slingshot Studio, Ibadan

March 2024 — October 2024

- Maintained studio equipment and assisted with client-facing digital workflows
- Supported digital marketing initiatives and internal process improvements
